My name is Dario Mentesana.
My experiences are:

Experience in the photographic and videomaker sector:

With more than 16 years of experience as a photographer, I have worked as a client consultant, teaching at various training institutes and associations based in Palermo. In recent years, thanks to my freelance work, I have had the opportunity to travel a lot, visiting Holland, France, Belgium, Germany, Norway, and Iceland. In these places, sometimes lost, I specialized in nature photography, of which I am totally in love. In addition to nature, food and commercial photography, I deal with image post-production and the creation and editing of videos of various kinds. My work experience has allowed me to acquire a good range of skills, such as a good vision of the design of the whole image together with great attention to detail.

Experience in Web Development and IT:

From 2005 to today, I have also worked as a WebMaster, developing in PHP, HTML5, CSS3, JQUERY, creating websites, e-commerce, blogs, and Business CMS. I have an excellent education / professional background and would like to receive an increase in the success of your business and customer satisfaction. I also have a job as a computer technician and as an account of the ability to intervene in the physical components of a computer and a local network, diagnostics, and resolution of all those problems that could emerge during the use of the computer system. My activity, in this sense, consists of identifying the damaged component and in providing the opportunity for replacement.

I am a very open and sociable person, ready to take up challenges. I have excellent problem-solving skills and I strive for precision and results in my activities.

I am in possession of a BSN and a Dutch bank account. I have a communicative English level and I am up for further improving my English skills and fluency.

I am available immediately.

I would like to thank you in advance for your consideration and I will look forward to hearing from you soon regarding my application.

Sincerely

Dario Mentesana
